## How we can help

## Section 2, Health and Safety at Work Act 1974

- Employers have a duty to ensure the health, safety and welfare at work of all employees:
- Systems at work should be safe and without risks to health
  - Businesses should co-operate in promoting and developing measures to ensure health and safety at work

### WE CAN HELP

Traditionally, our most in-demand services for the recruitment sector have included washroom maintenance and floorcare. Our experts continue to meet the needs of organisations in this sector with a wide range of products and services.

#### Keep staff happy

- Working in a dirty or poorly maintained office can have a negative effect on morale, increasing staff turnover as a result. With cleaner washrooms and the right supplies for workers, we can provide everything your team needs for a happy and productive workplace.

#### Everything you need for your washrooms

- While people might not always take note of a beautifully clean washroom, they'll certainly notice if it's dirty or badly maintained. Regular visits from **phs** will keep your toilets topped up with the necessary supplies and improve hygiene levels in your office.

#### Impress clients and candidates

- First impressions count, and in the recruitment industry this can be the difference between winning or losing a client. Improve your chances by upgrading your office with eye-catching entrance mats, pleasantly scented air fresheners and immaculate washrooms from **phs**.

#### Air quality

- With air quality an issue in many inner city areas and indoor air containing up to five times more contaminants than outdoor air, **phs** provide air purification products that improve the air quality of your staff and clients' environment, creating a more hygienic and welcoming atmosphere.

In a fast paced, dynamic sector such as recruitment, basic issues such as health and safety can often end up being ignored.

Yet in order to avoid workplace-related injuries and illnesses, retain staff and keep the authorities happy, it's essential for all recruitment agencies to implement appropriate hygiene and safety measures within their offices.

**phs** is an expert in providing hygiene products and services for all types of business, including over **1,500** recruitment firms. Outsourcing the important issue of health and safety to our team will not only save you time and effort – our experienced staff are knowledgeable on all areas relating to workplace compliance, and can advise you on the best practices for staying on the right side of the law.

**Did you know?** **phs** offers free site assessments and flexible contracts, meaning you'll only pay for the products and services that your business needs.

**Healthcare, washroom and floorcare hygiene is our business.** We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

**Our recruitment office blueprint shows the most in-demand services that we currently provide to the recruitment sector.**
